

Castrol Optileb VAS

White, ointment-like vaseline of extremely high purity (Ph. Eur.)

Description

OPTILEB™ VAS is an ointment-like, white vaseline of extremely high purity which complies with the requirements of the German Pharmacopoeia (European Pharmacopoeia, Ph. Eur.).

OPTILEB VAS is physiologically safe if applied according to recommendations and is therefore especially suited for applications in the food, beverage and pharmaceutical industries.

Application

- as preserving agent for the protection of machines
- as lubricant in food and beverage processing plants
- as sealing lubricant for assembly
- as base material for the production of pharmaceutical and cosmetic products

Advantages

- good corrosion protection
- white, long-fibrous structure
- compatible with all conventional sealing materials resistant to mineral oil
- clean handling
- physiologically safe
- good conveyability
- limited water resistance

Typical Characteristics
